

1.0 Introduction

This booklet sets out the charging policy of Wirazone Sdn. Bhd. in respect of the areas of supply for which it is licensed to supply electricity by the Director General of Electricity Supply under the Electricity Supply Act 1990 and the tariffs approved by the Director General of Electricity Supply with effect from the date of this booklet until further notice.

This booklet should be read together with the electricity supply contract entered or to be entered into between Wirazone Sdn. Bhd. and the Consumer. This term hereof are subjected to change from time to time as approved by the Director General of Electricity Supply and/or other relevant authorities.

2.0 Definition

“**WSB**” means Wirazone Sdn. Bhd.;

“**Contract**” means the electricity supply contract entered or to be entered into between WSB and the Consumer in respect of the Premises;

“**Consumer**” means person(s) (which term includes one or more individuals, companies, bodies, corporate and groups comprising two or more of the foregoing) supplied or about to be supplied with electricity and/or any other service by WSB;

“**Connection Fee**” or “**Connection Charge**” means the sum payable by the Consumer to WSB under the WSB Tariff and Charges Scheme for connection of the supply of Electricity to the Consumer’s Premises;

“**Premises**” means any property or part thereof, including moveable property such as a caravan, mobile home or other structure on land, to be supplied with electricity;

“**Installation**” means all electrical cables, switches, fittings, wires, fuses and accessories owned by WSB up to and including the electricity meter pertaining to the Premises;

“**Maximum Demand**” means the highest power consumption (in kW) in any given time.

“**Low Voltage**” means voltage below 1kV;

“**Medium Voltage**” means voltage from 6.6kV to 33kV;

“**Tariff A**” means the tariff chargeable in respect of residential Premises where no business is operated;

“**Tariff B**” means the tariff chargeable in respect of commercial Premises where a business is operated only using Low Voltage;

“**Tariff C1**” means the tariff chargeable in respect of commercial Premises where a business is operated only in the day and using Medium Voltage;

“**Tariff C2**” means the tariff chargeable in respect of commercial Premises where a business is operated both in the day and night and using Medium Voltage;

“**Tariff G**” means the tariff chargeable in respect of public Premises including but limited to squares, parks, paths, sidewalks, alleys, streets, roads, bridges, tram-lines, railway lines and other thoroughfare;

“**Tariff G1**” means the tariff chargeable in respect of neon lights and/or floodlights.

“**Peak Hours**” means the period between 0800 hours and 2200 hours.

“**Off Peak Hours**” means the period between 2200 hours and 0800 hours (the next day)

3.0 Connection Fee

Connection charges will be levied according to the voltage of the supply made as follows:-

3.1 Class 1 Consumers – Medium Voltage

For Class 1 Consumer will be charged a connection fee of RM45/kW MD.

3.2 Class 2 Consumers – Low Voltage

Class 2 Consumers will be levied a connection fee in accordance with **Schedule A**.

Schedule A

KW MD	Type Of Metering	Connection Charges In RM (Where Necessary, The Substation Building And The Land Is To Be Leased To WSB At A Nominal Cost Of RM10)
Up to 10	1 Phase	450 / 750
11 to 37	3 Phase Whole Current/ Underground	1,700
38 to 60	100/5 C.T.*	2,700
61 to 90	150/5 C.T.	4,050
91 to 120	200/5 C.T.	5,400
121 to 180	300/5 C.T.	8,100
181 to 240	400/5 C.T.	10,800
241 to 360	600/5 C.T.	16,200
361 to 480	800/5 C.T.	21,600
481 to 600	1000/5 C.T.	27,000
601 to 720	1200/5 C.T.	32,400
721 to 900	1500/5 C.T.	40,500
901 to 1,200	2000/5 C.T.	54,000

*Current Transformer

- all Consumers with CT metering installation are also termed large power consumers

4.0 Deposit

The Consumer is required to pay a Deposit of:

(a) a minimum sum of RM50.00; or

(b) the sum sufficient to cover the estimated cost of electricity to be supplied, based on the applicable tariff, to the Premises for two (2) months; whichever is greater. The Deposit shall be subjected to adjustment [from time to time] [based on a review every 6 months] if there be any variation of the said estimated cost, as determined by WSB. All deposit shall be paid in or by cash/cheque/banker’s draft/money order. For any sum above RM2000.00, the Consumer has a choice of paying by way of Bankers Guarantees.

If the average of the cost payable by the Consumer for two (2) months’ supply of electricity over a continuous period of [6 months] is less than the Deposit, WSB may in its discretion refund, without interest, any part of the Deposit in excess of such average cost for two (2) months’ supply of electricity, but only such excess sum is more than RM30.00 and provided always that the minimum Deposit is RM50.00.

5.0 Metered Charges

The charges for electricity supplied by WSB to any Premises as measured through an electricity meter and calculated by reference to the value of units consumed shall be payable in accordance with the provisions outlined in table below:-

Electricity Tariff Category	Revised Rate (MYR) effective 01.03.2009	Monthly Minimum Charge (MMC)
1. Tariff A - Domestic Tariff		
<i>For monthly consumption between 0-400 kWh /month</i>		
First 200 kWh (1-200kWh)	21.8 sen	
Next 400 units (201-400kWh)	33.4 sen	
MMC		MYR 3.00
<i>For monthly consumption more than 400 kWh /month</i>		
First 500 kWh (1-500kWh)	28.6 sen	
Next 100 kWh (501-600kWh)	37.8 sen	
Next 100 kWh (601-700kWh)	38.7 sen	
Next 100 kWh (701-800kWh)	39.7 sen	
Next 100 kWh (801-900kWh)	41.7 sen	
Next kWh (901 kWh onwards)	44.6 sen	
MMC		MYR 3.00
2. Tariff B - Low Voltage Commercial Tariff		
<i>For overall monthly consumption between 0 - 200kWh</i>		
MMC	37.0 sen	
<i>For overall monthly consumption more than 200 kWh</i>		
For all kWh (from 1 kWh and above)	39.7 sen	
MMC		MYR 7.20
3. Tariff C1 - Medium Voltage General Commercial Tariff		
MD (kW)	23.93 MYR	
For all kWh	28.8 sen	
MMC		MYR 600.00
4. Tariff C2 - Medium Voltage Peak/Offpeak Commercial Tariff		
MD (kW)	35.6 MYR	
For all kWh - Peak	28.8 sen	
For all kWh - Off Peak	17.7 sen	
MMC		MYR 600.00
5. Tariff G - Street Lighting Tariff		
For all kWh	24.1 sen	
For all kWh	15.1 sen	
MMC		MYR 7.20

(This tariff is effective from 1st March, 2009 and supersedes the previous tariff schedule which was effective on 1st July 2008)
